# LIGHTWEIGHT FOAM CROSS TRACKING KIT

Network Rail approved, lightweight foam cross tracking system is highly portable and quick to install providing a simple, effective solution for cross tracking small vehicles and plant safely.

The crossing or access point is made from 480mm long foam sections, each of which weighs under 6kg so they can be easily hand-carried into position.

It is easy and safe for one man to lift each section, due to the small size and lightweight sections.

## KEY BENEFITS

**INNOVATIVE  
SOLUTION**

**HAND  
PORTABLE**

**NETWORK RAIL  
APPROVED**

**QUICK &  
EASY INSTALLATION**
